Work Rights: Student Visa (Full-time work rights during scheduled breaks/summer vacations)

PROFESSIONAL SUMMARY

Results-driven Master of FinTech student combining 13+ years of banking leadership with fresh technical skills in Python, Power BI, and data analysis. Highly adaptable and eager to learn, I excel in collaborative environments to solve complex problems and deliver impactful team outputs. Currently balancing academic studies with local customer-facing roles in New Zealand, I am ready to bring dedication, a strong work ethic, and a service-oriented mindset to support your organization's immediate summer internship or professional job requirements.

TECHNICAL & PROFESSIONAL SKILLS

- **Finance & Banking:** Financial Reporting, Account Reconciliations, Financial Record Management, Loan Administration, Compliance & AML/CFT Procedures, Operational Risk Management.
- **Technology & Analytics:** Advanced Microsoft Excel (Financial Modelling, Pivot Tables, Dashboards), Power BI, Python, SQL Fundamentals, Flask, PostgreSQL, GitHub.
- **Business & Administration:** Stakeholder Engagement, Documentation Management, Customer Service, Team Leadership, Process Improvement, Cross-functional Coordination.
